

Prayer for Healing From HIV / AIDS

I bind the spirit, root, seed, and virus of HIV / AIDS and command them to die and come out of my soul and body and never return in the name of Jesus. I bind any co-infections associated with HIV / AIDS or any disease, viruses, bacteria, yeast, parasites, cancers, and all infections, and command them to come out of my soul and body and not return in the name of Jesus. I command my CD4 cells ("T cells" or "helper cells") to be strong, healed and healthy, and I remove the entire HIV / AIDS virus from my CD4 cells and body with the name of Jesus. I command the count of my CD4 cells to be normal which is between 800 and 1900 in the name of Jesus.

I receive Jesus my Healer into my bone marrow cells, B cells, T cells (CD4 cells), macrophage cells, natural killer cells (170 range or more), all immune cells, my white blood cells (normal count), my blood system, and my immune system in the name of Jesus. I call in and receive a new immune system in the name of Jesus. My immune system is strong and not weak; healed and not sick in the name of Jesus. I call in and receive Jesus my Healer and the Holy Spirit my Healer into every organ, cell, tissue, gland, and all body systems in the name of Jesus. By Jesus' stripes I am already healed. Thank You, Jesus.
